WHY UNIVERSAL STUDIOS HOLLYWOOD?

Why not Universal Studios Hollywood? We are a growing company that continues to grow with the recent successes of our theme park! We have opened up several new attractions in the past year and continue to be the place to grow and develop careers! Many of employees that are currently managers were once Retail Sales Clerk or Ride Operators in the park and we have kept that culture alive. In the past year, about 80% of our new management has come from within our park. Some of the programs that promote these that are only available to Universal Studios Hollywood employees are:

- **uSHINE**
  - An internal internship program to allow employees that are in college to balance an internship, part-time job, and school by using their hours worked here at the park in a field that they are studying

- **JP Program**
  - An internal placement program that is developed to provide front of house employees a back of house experience. An example of this would be a Ride Operator becoming an Administrative Assistant to the Entertainment Department

- **Campus2Career**
  - We partner with Campus2Career to find internship opportunities to our employee base to other parts of the NBCUniversal divisions such as Film and Television.

All of the programs are in place to help develop our employees and allow them to grow in the fields they want to pursue.

WHAT DOES IT TAKE TO BE PART OF UNIVERSAL STUDIOS HOLLYWOOD?

The minimal requirements are:

- No face, neck, hand or finger tattoos
- Tattoos that are visible (other than in the locations stated above) must be smaller than 2x2
- Availability changes per season:
  - **Spring**: As open as possible during the two weeks of Spring Break
  - **Summer**: As open as possible from End of June to Labor Day
  - **Fall**: Thursday, Friday, Saturday and Sunday Late to Overnight
  - **Winter**: Must be able to work Holidays
- Typical shifts range from 6 – 8 hours but we do not guarantee any hours weekly due to variable labor. Our hours for our employees are dependent on attendance to the park.
- Ability to work with guests of all backgrounds, personalities and temperaments

HOT JOBS!

Some hot jobs that we are really looking for are culinary students or students who have experience in cooking (ie: Panda Cooks, Fast Food Cooks).
